AUTOMOTIVE & DEFENSE AEROSPACE  
MOTORCYCLE AIRCRAFT MARINE

# MISSION STATEMENT

## VISION

Our vision for the next decade is to be the world-class, world-wide supplier of 'Fixtures' and 'Gauges.' We will be the quality standard by which other businesses measure their accomplishments. We will maintain our cutting edge through innovative 'design' and 'build' processes.

## MISSION / QUALITY POLICY

Our mission and our quality policy are to establish long-term partnership-relationships with our customers as their full service supplier by continuously improving our quality and reliability.

## VALUES

**QUALITY** - We are dedicated to quality. Total Quality Management is our emphasis.

**CUSTOMERS** - We value our customers. They are the sole purpose of our existence. We will make every effort to satisfy them through our commitment to quality, technology, service, and safety.

**ASSOCIATES** - We believe that our associates are our most valuable resource. We provide opportunity for their growth and development through team work, communication, education, training, and safety.

# DESIGN › ENGINEERING PRODUCT SUPPORT

50,000 sq. ft. (4,650 sq. met.)  
Engineering Facility

30,000 sq. ft. (2,790 sq. met.)  
Available Expansion Area

Utilizing All Major Operating  
Systems. (CATIA, Unigraphics,  
Pro E, SDRC Ideas, AutoCAD)

Program Management  
Services

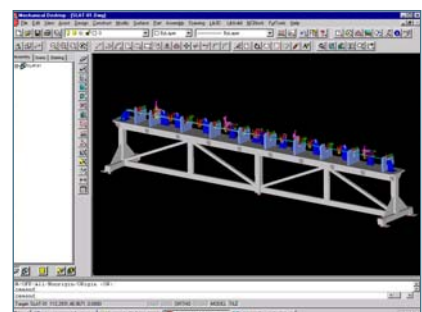

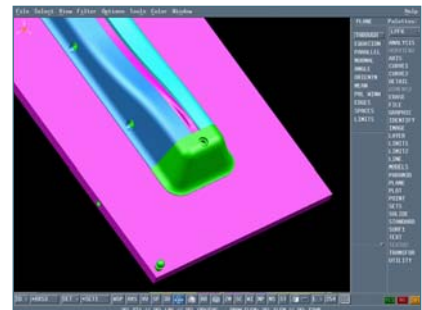

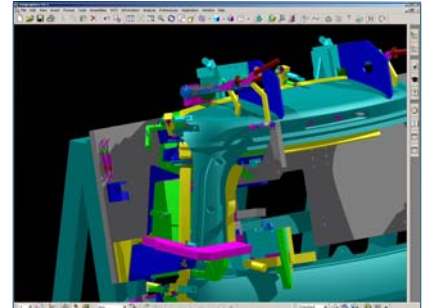

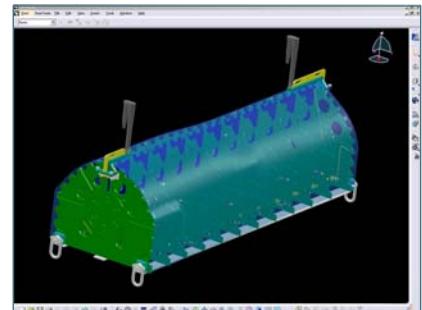

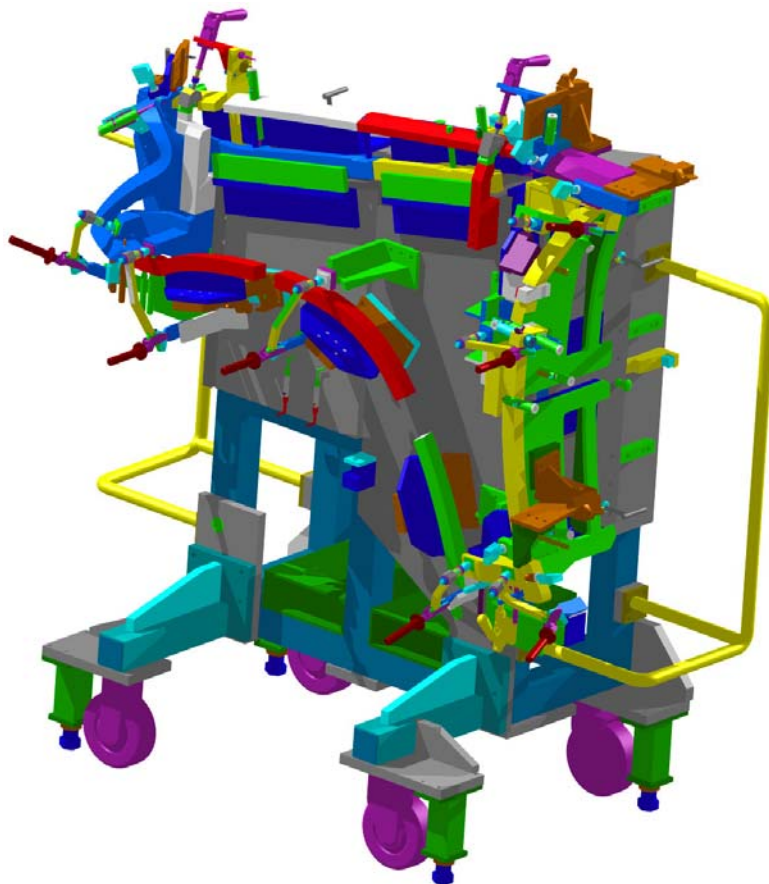

I.T. Management

Offline Inspection  
Programming

Change Management  
Controls

Standard Components  
Library

100+ Seat Capacity

# MANUFACTURING

135,000 sq. ft. (12,542 sq. met.)  
Manufacturing Facility

70,900 sq. ft. (6,587 sq. met.)  
Assembly Area

Program Management Services

Small and Large High Speed  
5-Axis Machining

Autoclave Capabilities for  
Tooling and Part Manufacture

On Floor CAD and  
Programming Capabilities

Palletized Automated  
Machining Centers

30+ Machine Tools

Direct Link NC Programming

EDM Capabilities

Lean Build Cells

Fully Craned Facility

Climate Controlled

# INSPECTION

Laser Trackers

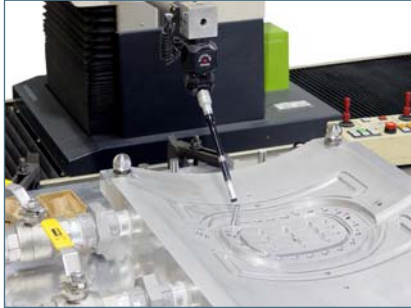

PART, GR, GR&R and R&R Studies

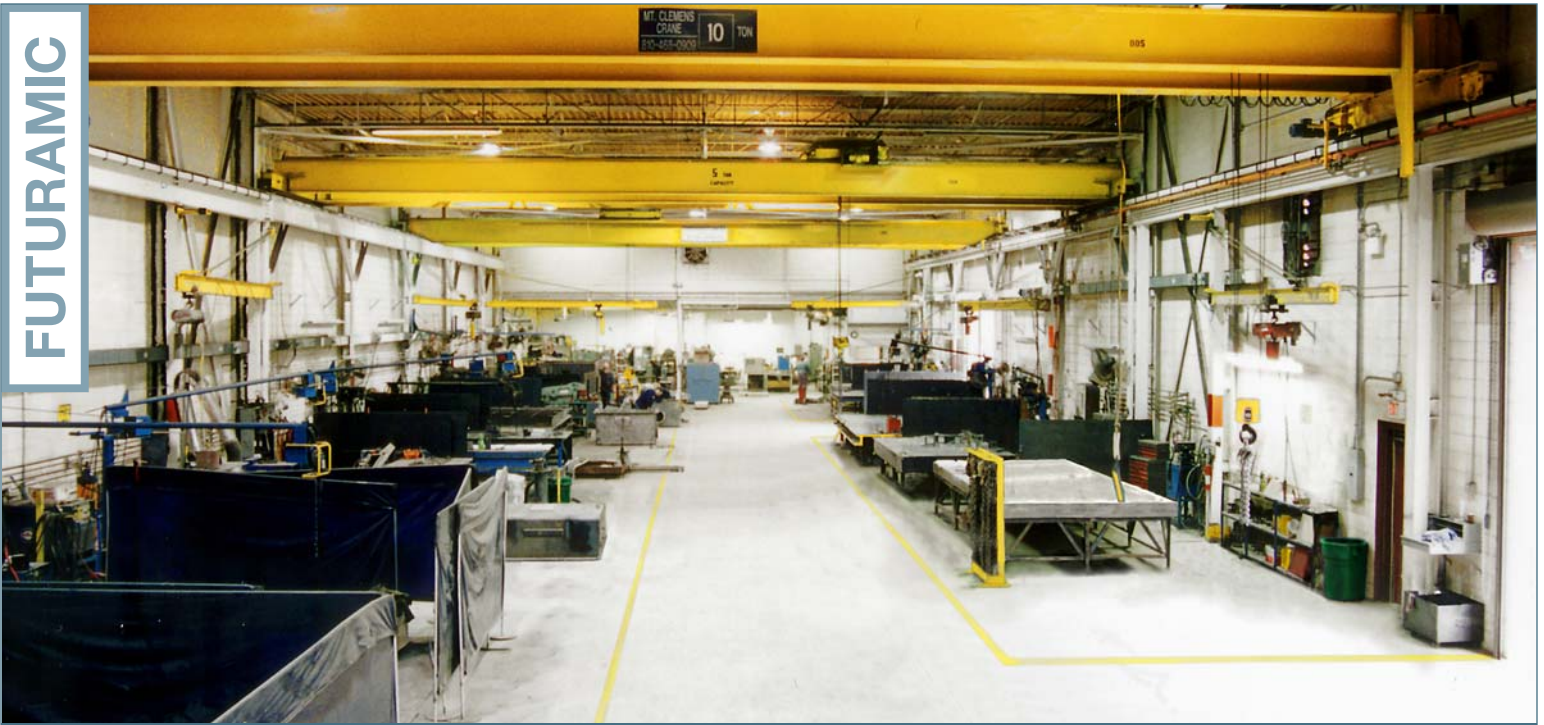

Eight Coordinate Measuring Machines (CMMs) in Various Sizes

Third Party Certification Services

3D Software Capabilities (CAPPS, AVAIL, PC-DMIS)

Off-site Inspection, Installation and Commissioning Services

# FABRICATION

## CAPITAL WELDING

32,000 sq. ft. (2,975 sq. met.)  
Dedicated to Fabrication

Certified Welders and Fitters for  
Aluminum, INVAR, Stainless,  
Steel and Other Specialty Metals.

CAD Controlled Burnouts

Water Jet Services

Large Inventory of Materials

Grinding Services

Common I.T. Server with  
Engineering and  
Manufacturing
