

FUTURAMIC

TOOL & ENGINEERING COMPANY

NEWEST ADDITION

New Tool Assembly Area

Futuramic in its continued commitment to support customer's needs announces the addition of a brand new assembly area on the main campus. Finishing the second week of May 2009, Futuramic has erected a 20,900 square foot Assembly Area running 20 ton cranes with 34' under the hook. This new assembly area will support such tools as Wing Boxes, Stress Test Iron Birds, and Large Assemblies of any kind.
